

Mental Health & Advanced Nursing Practice Workshop

February 27 at 1-6pm in the College of Nursing Room 108

Doriane Miller, MD, Associate Professor, Director, Center for Community Health and Vitality, Univ. of Chicago Medicine, will provide an overview of Project ECHO and expanding access to mental health services for those in need. She will also focus on management of commonly occurring mental health conditions.

Diane Esposito, PhD, PMHCNS-BC, FAU Visiting Assistant Professor, will present current issues, caring-based management strategies, and medication assisted therapies for opioid misuse and substance use disorders among disadvantaged and vulnerable populations.
